- B. Workshop reviews fall during class time either before the Tuesday of the penultimate week OR are scheduled through the Institute as a final presentation/exam during final exam week.
- C. MArch + Undergraduate thesis reviews are held on the Friday of “reading period.”
- D. SMArchS thesis presentations are held on the Friday of “reading period.”
- E. Required MArch subjects (not including studio) may schedule a final exam/presentation during final exam week through the Institute. They may not require a final test, presentation or assignment after the Monday of the penultimate week. Free elective Course 4 subjects that have MArch students enrolled follow Institute rules below, but instructors are asked to work directly with students to adjust work schedules and credit load to avoid conflict with final reviews.
- F. Institute term regulations dictate that presentations, papers, and/or quizzes must be held or due by the last class unless a final exam is scheduled. Subjects that schedule a final exam during final exam week may have no assignments fall due after the end of the penultimate week.
  - o *No subject may require a class meeting, exercises or assignments of any kind after the last regularly scheduled class in a subject.*
  - o *An extension may be given to an individual student if requested, but blanket extensions may not be given to the entire class.*
- G. GSD final studio reviews, final exams and thesis reviews are not coordinated with MIT’s schedule. They are listed FYI.
